\* Novels are those who did not participate in previous outcome measures certification workshops organized by TRICALS

\*\* TRICALS session for research nurses within each ALS Centre. The topics include informing patients about registration within TRICALS, administration of deceased patients within the TRICALS database, contacting registered patients via email and informing registered patients via a national newsletter.

\*\*\* ECAS Certification session: Saturday 14.00 to 17.15 (with break)

1. Introductory talk on cognitive and behaviour change in ALS
2. Administering the ECAS: Detailed training demonstration.
3. Case Studies and practical management
4. ECAS video competency assessment.

Once the participants complete the above they will receive a certificate!

\*\*\*\* If you are a trained and experienced ECAS assessor, please discuss all your questions and remarks to further optimize ECAS assessment in your centre.

The 2017 TRICALS workshop does not facilitate a MUNIX training. Please contact Prof. Weber to participate in a MUNIX training hosted in St. Gallen, Switzerland.
